Subsequently, upon successfully passing the Computer-Based Examination, candidates become eligible to participate in the Physical Efficiency Test. During the Physical Efficiency Test (PET), candidates are mandated to partake in a race, with the time and distance standards varying depending on the gender. For a thorough comprehension of these criteria, please refer to the table presented below:

	Male	Female	Remarks
<b>Race</b>	5 Kms in 24 mins	1.6 Kms in 8.5 mins	For candidates other than those belonging to the Ladakh Region
	1.6 km in 6.5 mins	800 metres in 4 mins	For candidates of the Ladakh Region

Nevertheless, the SSC issued a notification introducing a modification concerning the potential occurrence of pregnancy in women during the Physical Efficiency Test (PET) or Physical Standard Test (PST). According to this notice, every female candidate is required to sign a self-declaration disclosing their pregnancy status. This directive is applicable to the forthcoming SSC GD Constable examination in 2024 as well.

- If a candidate provides a false declaration, they will be held responsible for any ensuing risks or mishaps.
- If a candidate declares pregnancy, she will be considered ineligible to participate in the test. Nevertheless, her position will be reserved for her.
- If the candidate is confirmed not pregnant, she will be allowed to partake in the PET/PST.

Hence, you can examine the [official amendment](#) by clicking on the given link. Now that we have explored the SSC GD Constable Syllabus 2024 for the Physical Efficiency Test, let's proceed to understand the details of the Physical Standard Test.

## SSC GD Constable Exam 2024 - Physical Standard Test

SSC GD Constable Syllabus 2024 - Topics and Weightages

Now, let's briefly go over these standards.

## Height

The height requirements vary between male and female candidates:

- Male: 170 cm
- Female: 157 cm

Nevertheless, certain categories have provisions for relaxation in the mentioned standards. For additional information on these relaxations, be sure to refer to our blog covering SSC GD Constable Eligibility Criteria 2024.

## Chest

The chest measurement standard for male candidates is as listed below:

- Un-expanded: 80 cm
- Minimum expansion: 5 cm

However, female candidates are not evaluated based on chest measurements. Furthermore, specific relaxations are granted for certain categories.

## Weight

Typically, the candidate's weight should align proportionately with their height and age, considering medical standards. With a comprehensive grasp of the SSC GD Constable Syllabus 2024, let's now transition to the next section, which is the examination pattern.

## SSC GD Constable Exam Pattern 2024

Having acquired an understanding of the SSC GD Constable Syllabus 2024, it is crucial to have a well-defined comprehension of the examination format before commencing your study endeavors. The SSC GD Constable Syllabus 2024 comprises a Computer-Based Examination, followed by a Physical Efficiency Test (PET), a Physical Standard Test (PST), and ultimately, a Detailed Medical Examination.

Additionally, we have furnished a table below for your reference. This table outlines the weightage assigned to each subject along with the duration of the examination. It is crucial to thoroughly review this table and then organize your study plan accordingly.

## SSC GD Constable Marking Scheme 2024

We have now unveiled all the essential information regarding the SSC GD Constable Syllabus 2024 and its examination pattern. Subsequently, it is vital that you are acquainted with the marking scheme for the examination. Having a clear understanding of the marking scheme will aid in your preparedness for the examination. Therefore, the SSC GD Constable exam consists of a total of 80 questions, with each question being valued at 2 marks.

Nevertheless, it is crucial to emphasize that there is a penalty for each incorrect answer, with a deduction of 0.25 marks. Furthermore, candidates are allotted a time constraint of 60 minutes to attempt all the questions. It's noteworthy that this examination is not deemed challenging to pass, as the question difficulty corresponds to the level of high school education. Having covered all the essential information regarding the SSC GD Constable syllabus 2024 in this blog, let's now introduce you to the marks normalization formula employed by SSC.

## SSC GD Constable Marks Normalization 2024

To start, let's understand the concept of normalization. Normalization is a statistical technique that accounts for variations in the difficulty levels among question papers in various shifts of the same examination. A direct comparison of scores may not be fair due to potential differences in the complexity of questions across shifts. To ensure a more unbiased evaluation of candidates, normalization tackles this issue by equalizing the scores.

Therefore, SSC released the formula outlined in [Notice No.1-1/2018-P&P-I dated 07-02-2019](#). These standardized scores will be applied to determine the cut-off marks, subsequently facilitating the compilation of the merit list.
